José Manuel Suárez

QA Automation Engineer | Web and API Security Testing

Azua, Dominican Republic | +1 829-461-3778 | josemanuelsuarez110@gmail.com

jmtechlab.do | linkedin.com/in/josemanuelsuarez110 | github.com/josemanuelsuarez110

Professional Summary

Information Systems Engineer and QA professional with more than three years of experience testing web applications and APIs. Combines test automation, SQL validation and defect investigation with training in web application penetration testing. Background in treasury, accounting and institutional information systems supports a practical understanding of access controls, data integrity and auditability. Seeking QA automation and application security testing opportunities.

Technical Skills

Testing: Playwright, Selenium, Jest, Postman, API testing, end-to-end testing, regression and integration testing.

Engineering: JavaScript, TypeScript, Python, SQL, PostgreSQL, Next.js, FastAPI and Express.

Delivery: Git, GitHub Actions, CI/CD, Docker, Linux, Jira and Agile/Scrum.

Security focus: web and API security testing, authentication, role-based authorization and security regression testing.

Certifications

INE Security - Web Application Penetration Tester eXtreme (eWPTX) | Feb 2026
INE Security - Certified Professional Penetration Tester (eCPPT) | Jun 2026
INE Security - Junior Penetration Tester (eJPT) | Sep 2026
INE Security - Security Operations Certified (eSOC) | Jul 2026
INE Security - Enterprise Defense Administrator (eEDA) | Mar 2026
INE Security - Identity & Access Management Associate (eIAMA) | Oct 2026
Cisco Certified Network Professional Enterprise (CCNP Enterprise) | Mar 2026
CompTIA AutoOps+ | Jan 2026
INE Certified Cloud Associate (ICCA) | Dec 2025
Microsoft Certified: Azure AI Fundamentals | Jul 2025
INE - Junior Data Scientist (eJDS) | Sep 2026
Certiplus - Cybersecurity Certification Expert | Sep 2026

Professional QA Experience

SIMELER INTERNATIONAL | QA Analyst | Remote

Nov 2022 - Dec 2025

• Performed manual and automated testing of web applications and REST APIs in an Agile/Scrum environment.

• Developed and maintained Playwright and Selenium test scenarios for functional, regression, integration and end-to-end validation.

• Validated REST APIs with Postman and investigated data discrepancies using SQL.

• Documented defects in Jira, collaborated with developers to reproduce issues and verified corrections.

• Used JavaScript, Python, Git and CI/CD workflows to support repeatable testing.

Selected Portfolio Projects

JMTechLab | Independent QA and Software Engineering Projects

Nov 2025 - Present | jmtechlab.do

QA Sentinel Platform

Full-stack portfolio project focused on Playwright end-to-end testing, API validation and CI/CD workflows. Stack: Next.js, Express, Playwright and Jest.

github.com/josemanuelsuarez110/qa-sentinel-platform

QAForge AI

Portfolio project combining QA automation workflows, backend APIs and AI-assisted engineering. Stack: Playwright, Python and FastAPI.

github.com/josemanuelsuarez110/qaforge-ai

Zero Trust API Financiera

Financial API laboratory with PostgreSQL row-level security and correlated audit events. Verified 6 SQL checks, 15 API checks, 6 audit checks and 40 concurrent HTTP requests in CI with pool limits of 1 and 4. Synthetic data and demo identities; read-isolation scope.

github.com/josemanuelsuarez110/zero-trust-api-financiera

Additional Professional Experience

Liga Municipal Dominicana | Administrator Treasurer | Apr 2020 - Apr 2025

• Managed treasury operations, budgets, financial controls and reporting; supported audit readiness and institutional documentation.

Migration Department | Information Systems and Administrative Officer | 2009 - 2019

• Supported institutional databases, digital records and information systems; provided technical support and prepared operational reports.

• Contributed to digitization and structured administrative information management.

Empresas P&B | Administrative Manager | 2003 - 2008

• Managed administrative operations, documentation, financial tracking and internal reporting.

Education and Additional Training

Universidad APEC | Information Systems Engineering | 2013 - 2017

Universidad Federico Henríquez y Carvajal | Bachelor’s Degree in Accounting | 2018 - 2022

Diploma in Municipal Administration

Diploma in Quality Management Based on ISO Standards | UFHEC | Jun 2025

Intermediate and Advanced Cybersecurity | INDOTEL / IDB / Cymetria | 80 hours each | 2026

Government Accounting Standards and Procedures - DIGECOG, Dominican Republic. IPSAS 2022 framework. Credential expired Oct 2025.
