

JOSÉ MANUEL SUÁREZ

QA Automation Engineer | SDET | Systems Engineer

josemanuelsuarez110@gmail.com | linkedin.com/in/josemanuelsuarez110 | github.com/josemanuelsuarez110 | JMTechLab.do

PROFESSIONAL SUMMARY

Systems Engineer focused on QA Automation, SDET and software quality engineering, with hands-on experience building full-stack technical projects, automated test systems, CI/CD workflows, APIs and data-backed applications. Combines Playwright, Jest, TypeScript, Python, Next.js, FastAPI, PostgreSQL/Supabase, Docker and GitHub Actions with complementary training in cybersecurity, AI and Linux.

TECHNICAL SKILLS

QA & Testing: Playwright, Jest, E2E Testing, API Testing, Test Automation, CI/CD

Development: TypeScript, JavaScript, Python, SQL, Next.js, React, FastAPI, Express

Data & Platforms: PostgreSQL, Supabase, Docker, GitHub Actions, Vercel, Linux

Additional: AI Automation, LLM-assisted workflows, DevSecOps, OWASP, Cybersecurity

FEATURED ENGINEERING PROJECTS

QAForge AI - AI-powered QA automation platform for designing, executing and analyzing software tests. Built as a portfolio-grade QA engineering project with modern web, API and database components.

github.com/josemanuelsuarez110/qaforge-ai | qaforge-ai-rszs.vercel.app

QA Sentinel Platform - Full-stack quality engineering platform focused on automated testing, CI/CD and execution visibility using Next.js, Express, Playwright, Jest and Supabase.

PROFESSIONAL EXPERIENCE

Treasurer - Local Government | 2020 - 2025

- Managed treasury operations, budgets, financial controls and institutional reporting.
- Supported compliance, audit readiness, financial statements and public-sector administrative processes.
- Coordinated financial documentation and operational controls across municipal activities.

Information Systems & Administrative Officer - Migration Department | 2009 - 2019

- Supported institutional databases, digital records, information systems and administrative workflows.
- Provided technical support and produced operational and management reports.
- Contributed to digitization and structured information-management processes.

Administrative Manager - P&B; Company | 2003 - 2008

- Oversaw administrative and operational activities, documentation and internal reporting.
- Supported financial tracking, coordination and day-to-day business controls.

EDUCATION

- Information Systems Engineering
- Bachelor's Degree in Accounting
- Diploma in Municipal Administration

CERTIFICATIONS & TRAINING

- Cybersecurity - Advanced Level, INDOTEL / Inter-American Development Bank (IDB) / Cymetria Group SAS - 80 hours (Aug 2026)
- Cybersecurity - Intermediate Level, INDOTEL / Inter-American Development Bank (IDB) / Cymetria Group SAS - 80 hours (Apr 2026)
- ISO 27001 Implementation and Audit
- Introduction to Cybersecurity - Cisco Networking Academy (2026)
- Ethical Hacking
- AI Fundamentals
- Inventory Management - HP LIFE (2026)
- Basic Finance - HP LIFE (2026)
- Cash Flow - HP LIFE (2026)
- Google Ads Applications - credential valid through 2027
- Google Analytics - credential valid through 2027
